

## Report Successful School Year '33-4

O. HANNAH APPOINTED CHAIRMAN FOLLOWING RESIGNATION OF H. MONTGOMERY

The regular meeting of the Wainwright public school board was held on July 3rd when all members were in attendance, and the minutes of the previous meeting were adopted as read.

The Finance committee reports bills and accounts amounting to \$1,185.54 with recommendations for payment.

Resolved—That the report of the Finance committee be adopted and cheques issued covering the several amounts.

Resolved—That as Mr. H. L. King had not signed a contract for the 1934-35 school term before leaving town, the Board find a successor for his position on the high school staff.

Principal Thomson reported a very successful school year. The number of pupils passed to higher grades in the public school amounted to 92 per cent, 78 per cent of these passing with honors. In grades nine and ten 185 papers were marked by the teachers, and of these 88.3 per cent were passed; the remainder of the papers were sent to Edmonton to be adjudicated upon.

Nine classrooms were in operation during the year, with an average daily attendance of 276 pupils.

Resolved—That the report of the principal for the school year ending June 29th, 1934 be accepted and filed.

The report of the school attendance officer for the month of June was accepted and filed, with one copy ordered to be forwarded to the department.

Owing to his leaving town to reside elsewhere, Mr. H. C. Montgomery, the chairman of the Board, tendered his resignation as trustee.

Resolved—That the Secretary advise the Town Secretary, that as Mr. Montgomery had resigned as trustee, there is a vacancy on the School Board to be filled.

By unanimous consent, Trustee Hannah was appointed as Chairman pro tem.

The Board then adjourned.

## Big Crowd Attended Catholic Picnic At Fabyan Wednesday

ALL THE FUN OF THE FAIR AS WELL AS PINK LEMONADE!

The weather was certainly all that could be desired for the picnic which was staged on Wednesday last by the parishioners of the Catholic church at Fabyan, when some 300 gathered at the Cowley farm on the banks of the Battle river for their annual get-together.

All kinds of sports, races, etc., filled in the afternoon and early evening and the big picnic supper proved most enjoyable. During the earlier hours the team from Fabyan a real demonstration of the finer points of softball, and the way these girls put on a merry-go-round each time they went to bat caused the scorebook to read something like 30-0 at the close.

A long list of foot races for the youngsters, provided plenty of keen competition, and the tug-of-war for their elders was hotly contested—with a real lurch of "pullers and grinders" at each end of the rope.

Barnyard quots was another diversion, and the way Joe Welch produced badly-needed "ringers" was a marvel. Honors at this sport went to Messrs. A. A. Taylor and Walter Gray (and they sure throw a mean shot).

Then for the chance-takers, Stinert's "Bingo" and Carroll's wheel were kept busy all the time, with prizes going out like clockwork; while the refreshment booth was kept busy handing out everything from peanuts to pink lemonade.

In the cool of the evening, most of the crowd repaired to the schoolhouse where Bert Williamson's orchestra kept the crowd engaged in the merry dance till the early hours of next morning, and thus closed another happy episode in the history of Fabyan Catholic church.

## Heath Grain Agent Dies In Edmonton

MR. V. B. VAIL PASSES AFTER ONLY ONE MONTH'S ILLNESS

Mr. Victor Bruce Vail, for several years agent at the Alberta pool elevator at Heath, passed away last Wednesday afternoon in the General hospital in Edmonton at the early age of 40 years.

The late Mr. Vail, who was highly esteemed and respected by a large circle of friends and acquaintances had been in bad health for some time, and about a month ago he was taken to hospital where he underwent an operation for gall stones and appendicitis.

His health was such that he never overcame the operation and he passed away as stated; the immediate cause of death being pneumonia. With him at the time of his passing were his wife and daughters, as well as other relatives.

He leaves to mourn the loss, his sorrowing wife, as well as two daughters, Viola and Thelma, and one son, Lloyd. His parents, also, are still living, these residing in Southern Saskatchewan.

The funeral service took place on Sunday afternoon at the cemetery, where a large crowd of sympathizers gathered to pay their last respects.

## Young Misses Entertain W.I. Members, Friends

The members of the local W. I. met at the home of Mrs. Greer on Tuesday last week, when eleven members and three visitors were present. The attendance was somewhat smaller no doubt owing to several members being on their holidays.

The matter of the Baby Clinic, which is dated to be held in the Elite theatre this week was discussed, and members delegated to attend at this important affair.

Several of those present, who had attended the garden party put on by the Rose Willow W. I. at the home of Mrs. C. Bleasdale, reported a real good time, and a nice crowd there.

After the routine business, the gathering was entertained by Miss Hazel Stuart (who gave a very nice piano offering) and Miss Audrey Greer (vocal solo), while Miss Martin and Mrs. Hinson assisted the hostess in serving the enjoyable lunch.

The next meeting will be held at the home of Mrs. L. E. Bean, when all ladies interested are welcome to be present.

Mr. Geo. Leduc, of Fabyan, has added to the appearance of his home by the building of a verandah and stuccoing.

## Rev. T. Edgar Armstrong, of Wainwright United Church conducted the service, and the choir of that church sang suitable sacred numbers.

The pall-bearers were Messrs E. E. T. Vail, W. Avison, R. Jones, F. Ford, A. Patterson and F. Mockford. Mr. W. Vail, father of the deceased, together with his son and daughter, were present at the funeral from their home at Wawota, Sask. and returned on Monday.

Beautiful floral tributes of sympathy were received from The Family, wreath, Father, Brother and Sister, wreath; Mr. and Mrs. Lee and Mr. and Mrs. Sainbury, wreath; The T. Vail Family, wreath; Management and Staff Alberta Wheat Pool, wreath; and sprays from Mr. and Mrs. S. C. T. Vail, Mr. and Mrs. L. Huereux, Lola and Edith, Mr. and Mrs. W. Avison, Mr. and Mrs. Hausfeld, Rose Willow W. I., St. Patrick's W.A., Ladies of the W.M.S., C.N.R. staff, Bill and Emma, Edith and Harry, Mr. and Mrs. Prates, Mr. and Mrs. Banks, Dorothy E. Coles, Rose, Mr. and Mrs. R. W. Armstrong, Swastika Mission, Chas. Bell and Barbara Frickleton, Mr. and Mrs. M. J. Patterson, Mr. and Mrs. F. Ford, Mr. and Mrs. A. Touchette, Mr. and Mrs. E. L. H. McLeod, Mr. and Mrs. C. Bleasdale.

## DISTRICT MUST HAVE HIGHWAY COMPLETED

ARRANGEMENTS BEING MADE FOR LARGE DELEGATION TO WAIT ON MINISTER OF PUBLIC WORKS TO SEEK IMMEDIATE EXTENSION AND COMPLETION OF HIGHWAY 14; WHOLE TERRITORY TO BORDER REPRESENTED; WAINWRIGHT MEMBER TO LEND ASSISTANCE

It was a fully representative gathering which filled the Town Hall on Monday afternoon, when Dr. H. L. Cousler presided over a meeting of citizens to represent their petition to have the Edmonton-Wainwright highway (No. 14) extended clear through to the border, now that the extension from Irma to Wainwright is under survey. Mr. J. A. MacKenzie acted as secretary of the meeting.

The matter is considered of such importance that it is fully time that this district should receive consideration from the provincial government.

It was pointed out very plainly that despite many petitions which have been made on several occasions that this highway was to be built, there is not one mile of gravelled highway construction yet in this constituency. Another angle of the situation which was stressed, too, was the fact that there are over 2,000 miles of gravelled highways in the province towards all of which the full pro rata share of taxes and license has been paid by residents of this constituency without having received any consideration whatever from the government by way of easier travel.

The matter is considered of such vital nature that recently each of the governing authorities of the territory through which it was desired the highway should run had dealt with the project individually, and as a result of those meetings, the following were present to address the gathering and for the furtherance of the complete highway being put through at the earliest possible moment: Messrs S. P. Wasey and H. C. Boyd, Edgerton Mayor A. Herbert and J. Goodall, Chauvin; Mr. H. S. Burton, Chauvin Board of Trade; Mr. Theod. Bailey, Rostone M.D.; Mayor A. E. Ripley, Edgerton, and Mayor M. L. Foster and Dr. Cousler, of Wainwright.

Owing to the presence in town of Hon. J. R. Love, the member of this constituency, it was decided to invite him to address the gathering and to give his views as to lending his assistance in the matter, and after

having perused the resolution which had been drawn up for presentation to the government this gentleman expressed his full sympathy with the project and promised to render every assistance in his power to bring the matter to a happy conclusion. He also offered to arrange for a meeting of the delegates with the minister of public works at as early a date as could possibly be made.

Before adjourning it was arranged that as large a number as can possibly do so will join the delegates in their visit, and bring all pressure to bear that the survey shall be continued at the present time while the engineers are on the ground, and the highway put through immediately.

## SUMMER FAIR IS CALLED OFF FOR THIS YEAR

At a meeting of the directors of the Wainwright Agricultural Society, which was held at the week end, it was decided that owing to an apparent lack of interest in Wainwright's annual summer fair the function is being cancelled for 1934. It is to be hoped that the missing of this event for one year will make the demand for its continuance all the stronger for 1935.

## Mrs. W. Dalton Dies In Edmonton Hospital

INTERMENT AT IRMA CEMETERY ON MONDAY LAST

Word was received on Friday last that Lucy, the beloved wife of Mr. Wm. Dalton, of the Fabyan district had passed away in the General hospital in Edmonton.

Mrs. Dalton, has been a sufferer from heart trouble for some time and was recently taken to the city for further treatment, but despite every care and attention passed away as stated.

The body was brought to Irma on Monday where McLeod's parlors handled the arrangements for the funeral on Monday afternoon, the Rev. J. R. Gieson, of Irma United church conducting the service which was attended by a large gathering of sympathizers and friends.

The deceased has left to mourn, her husband and a young daughter as well as her mother and one sister and brother, and to all these The Star extends the sympathies of a large circle of acquaintances.

The pall-bearers were Messrs J. A. and S. Thompson, W. Adams, D. Collette, W. Goodwin and F. Ford. Floral tributes covering the coffin included wreaths from Will and Dorothy, Dad, Mom and Dolly, Bob and Family, Bert Dalton, Elsie, Billy, Gordon and Robbie, Jack, Mr. and Mrs. B. Craig, Mr. and Mrs. J. Craig, Battle Heights Social Club, Mr. and Mrs. Marshall, Avondale U.F.W., and sprays from Bert and Jack, Dr. and Mrs. Greenberg, Mr. and Mrs. R. D. Smallwood, The Peterson Family, Mr. and Mrs. J. Colborne, Mr. and Mrs. W. Culbert, Mr. and Mrs. W. Clark, Mrs. Howcroft, Elsie and Arch, Dermott, W. Adams, Mr. and Mrs. Hallet and Family, Mr. and Mrs. C. Wilbusham, Miss N. Martin, Mr. and Mrs. P. B. Williamson, Mrs. M. Babcock, Mr. and Mrs. Dietrich and Mr. and Mrs. P. O'Reilly.

## Wainwright Is In Fruit Belt Proved

Why, certainly, Wainwright is in the fruit belt, and as a full proof of this The Editor received a couple of nice little green apples at the week end.

This fruit, which by the way, were two thrashed down from the heavily laden trees during the hailstorm last week, was grown on the farm of Mrs. S. Allison, three miles from Jarow.

Some ten years ago several apple trees were planted on the farm, in addition to a number of plum, and cherry trees, and all of these have been producing luscious fruit for several years. This year the trees are again loaded with fruit, and hence the proof and the Editors' "sample".

## Gilt Edge Council Will Co-operate

WITH TOWN COUNCIL IN USUAL SEASON WORK AT CEMETERY

The following are the minutes of the meeting of the Gilt Edge M.D. Council which was held on July 3rd, with all Councillors present.

Moved by Coun. Rattray—That minutes of last meeting be adopted as read; five ayes; one nay (Withnell).—Carried.

Coun. Withnell asked an amendment that some capital grant be expended on road at Heath Elevators.—Carried.

Moved by Coun. Withnell that minutes of special meeting of 28th May, 1934, be adopted as read.—Carried.

Moved by Coun. Black—That cancelled tax arrears re E. Johnstone Homestead, S.E. 4-45-5-4 be reinstated. Five ayes; one nay (Withnell).—Carried.

Moved by Coun. Traynor—That food relief be issued to Mr. T. S. Hixox for month of July at \$4.30.—Carried.

Mr. J. Welch, Councillor of the Town of Wainwright, waited on Council re co-operation in work at Cemetery.

Moved by Coun. Jones—That matter be handled the same as in 1933.—Carried.

Coun. Traynor reported re the Dahlgren seed grain debt that Mrs. Dahlgren is willing to give the owner a quit claim if owner assumes the said seed grain debt. (Note: Dahlgrens have paid the owner over \$5000 on this land.)

## Twelfth Is Royally Celebrated In Town

WILLIAM OF ORANGE HONORED BY LOCAL LODGES OF COUNTY SEVENTY

Memories of the "Battle of the Boyne" were stirred by the fitting celebration which was staged by the "Twelfth" by the members of the lodges under the jurisdiction of the local County-70, and with good weather for most of the day a happy time was spent.

To the musical strains of the Town Band, and marshalled by "King William" seated on the traditional white steed, a big procession of members paraded to the fair grounds on arrival at which spot they were addressed by a number of prominent members of the order.

The rest of the day was spent in following a full program of sports of all description.

The major prize-winners were: Senior ball, Ribstone; Girls' softball, Auburndale; Junior baseball, Irma. A prize for the oldest member of the Order present, went to Brother Smith, of Ribstone, a past county master.

In spite of the rain which fell in the evening, and which prohibited the alfresco dancing as arranged, the large crowds "tapped a merry foot" in the two halls in town until away past midnight.

Moved by Coun. Traynor—That Secretary advise the Debt Adjustment Board that in the opinion of the Council the owner should have to pay the seed grain debt.—Carried.

Moved by Coun. Withnell, re H. McNern case—That Secretary write to Dr. Fife (in the event that Dr. Wallace has no report) and that should Dr. Fife's opinion be contrary to Dr. Wallace's, that Secretary and Dr. Wallace confer as to getting another opinion.—Carried.

Moved by Coun. Withnell that in view of the fact that M. F. Wood's filling station was inactive, that same (Continued on page four)

## Old-Timers Honored At Silver Wedding Celebration Sat'day

MR. AND MRS. J. W. STUART HONORED GUESTS AT

HOUSE PARTY

With quite a large number of old-timers present, a very pleasant time was spent at the home of Mr. and Mrs. J. W. Stuart on Saturday evening last the occasion being the celebration of their silver wedding anniversary.

This affair had been planned as a surprise by the "youngsters" of the family, and proved a very happy memory for their parents' 25 years of married life which commenced in 1909 at Olds, Alta. After some years' residence at Irma, Mr. and Mrs. Stuart moved to Wainwright just 20 years ago.

Bunches of peonies and delphiniums made a graceful decoration for the rooms and "500" proved an enjoyable diversion to reminiscing. Mrs. Bean, Mrs. Washburn, and Messrs E. Jackson and W. Yeager were the lucky card players.

After the serving of a dainty lunch, the table of 25 years ago was the recipient of a basket of peonies and roses from Mr. and Mrs. Peterson, of Irma, and before she cut the handsome wedding cake, Mr. Dave Davison read a congratulatory address and presented the "Guests of the evening" with silver tea service on behalf of their well-wishers. Mr. Phil Stuart on behalf of the family then presented his parents with a chest of silverware, and also silver salt and pepper holders from Mr. and Mrs. C. Morrisette.

Congratulatory speeches were also made by Mr. J. A. MacKenzie and Mr. W. Yeager, to all of which the "bashful groom" fittingly replied. (Never knew Bill short for words before.)

Before departing, those present all joined in a song they are jolly good fellows. (Continued on page four)

## Hansard To Be A Weighty Tome

BRIEF RESUME OF IMPORTANT FEDERAL LEGISLATION

By M. L. Burbank (Special To The Star)

Hansard 1934 comprises some 6000 pages making a pile over a foot in height, yet it is safe to say that a very great deal of self-restraint was exercised to keep it within that compass. With such an array of legislation immediately affecting the country at large, and an election in the offing, the temptation to talk must have been very great. Some few members habitually take up too much time putting political speeches on Hansard, to be sent to their constituents later, but many more are giving their best attention to the matter under consideration in an earnest desire to benefit conditions throughout the country.

During this session some 130 bills were introduced, varying in length from one to several hundred sections and about 75 per cent of them passed. The others being voted down or never re-appearing after one discussion.

When the central bank bill was brought in it was considered the outstanding legislation of the session but

later on it was overshadowed by the Marketing bill, the subject of the most exhaustive and at times exhausting debate of the session. While of outstanding importance to the whole Dominion probably it will be more extensively tried out in the western provinces where co-operative marketing agencies are already established and the producers educated to the necessity of grading.

Of perhaps even more immediate importance to prairie farmers is the legislation providing for "compensation" of farm indebtedness, and re-financing under the Farm Loan Board. These two bills were piloted through the committee of the whole House by the Prime Minister himself, and there was remarkable unanimity and co-operation in framing the provisions of the Bills to meet the needs of the situation. With enabling legislation by the provincial governments it is felt this will give many farmers fresh hope and courage for the future.

The decennial extension of bank charters, and the central bank bill afforded several "field days" for the Banking and Commerce committee. They also had the opportunity of hearing the social credit economists, Major Douglas and Mr. G. G. Mc- (Continued on page four)

## The Fact Finders

By Ed. Kressy

**The FAMILY DOCTOR**  
by JOHN JOSEPH GAINES M.D.

## DANGEROUS ERRORS

This week I observed a circumstance that impressed me profoundly and which I deem worth passing along to you.

A young man had been complaining with "a pain in his side" which he attributed to lifting a heavy object of some kind; it was a deep-seated pain, rather low in the right flank. He kept on with his duties about the farm, and was annoyed a week or more. He noticed the pain getting more pronounced, and spoke often to his mother about it.

A bad taste in his mouth—and constipation—led the mother to a family diagnosis—he was "bilious"; "his liver was torpid", and was common with him at all times. There was no fever apparent, and he remained up and around, until—

They administered a full dose of liver pills—the sort that never has failed. These acted with violence; and the boy went to bed with alarming symptoms! The family physician was called, who saw the serious nature of the trouble—appendicitis with abscess. The heavy cathartic all but killed the young man!

He was hurried away to a hospital in the big city, where the facilities for operating were ample. They surgeons found a ruptured abscess of the appendix, with peritonitis already set up. The giving of an irritating physic was a most dangerous thing to do, under the circumstances.

They saved his life, but it was a close call. It took four times as much hospital attention, including several transfusions of blood, to keep the pulses going.

I have written several letters on this

subject, and I hope this further warning is not superfluous; NEVER give a harsh purgative in case of an abdominal pain.

## School-Boy Boners

Lightning is caused by two clouds rubbing each other to the friction of white heat.

What does a bat do in the winter? It splits if you don't oil it.

Manufacturers of canned chickens have to find only the best boneless chickens you can.

An infant is a person who has not yet reached 21 years of age.

The air in a room should be kept at 68 degrees. This can be done by regulating the windows and door.

There are millions of bushels of wheat, barley and rice in our country and still thousands of people are going cold.

The esophagus is the tube that leads the mouth into the stomach.

## CHIFFON FOR SUMMER

Pattern 8241 The flattering cape bertha and empire closing make this design an excellent one for flowered chiffon or printed voile. The skirt in the slendering lines is intended for the larger woman. It is truly an all-occasion frock—perfectly appropriate for wearing in the city with one or two new large size hats, and equally at home in the suburbs for afternoon tea or any evening festivity. The caplet is more interesting and cooler because it is open at the center back.

A lovely outfit could be assembled by using chiffon printed in a delicate daisy pattern in green, white, red and yellow on a black ground for the dress, and black gloves, hat trimmed with green and black slippers.

For Pattern, send 15 cents in coin (for each pattern desired), your NAME, ADDRESS, STYLE, NUMBER AND SIZE to Patricia Dew, Wainwright Star, Wainwright.

Canada, for the first time on record, moved up in 1933 to the first place as the principal supplier of goods to the Bahamas, British West Indies, in competition with the Old Country and the United States.

## Experimental Farms News

## TREATING GREEN FENCE POSTS

Croosote and coal tar have long been used for the preservation of fence posts but these substances require dry posts for effective treatment. For many reasons farmers now desire to use freshly cut poplar and willow often available in farm shelter belts. Bluestone is efficient and cheap preservative for such posts, but because the way to use it is not widely known the procedure is therefore presented.

The butt end of the green posts are first peeled to about six inches above the depth of placing in the ground. In addition a narrow strip is peeled off the full length of the post. Bluestone should always be dissolved in wooden containers because it corrodes metal vessels. Rain water is preferred. As this copper compound dissolves slowly, a suitable procedure is to hang a sack containing a few pounds in the water. After the peeled end of posts are placed in the solution for six to twelve hours, it will be observed that the blue color gradually rises to the tip of post indicating the process is completed. As the solution is used up more water can be added as long as undissolved bluestone remains in the suspended sack. Bluestone can usually be purchased at any local hardware store. The cost of treating posts by this process is less than one cent each and is much cheaper than the other preservatives mentioned.

This method has been tested by the Dominion Range Experimental Station at Manierber, Alberta, and the information is taken from a circular on this subject prepared by that Station. A further practical test of bluestone for green fence posts has been made by the Cypress Hills ranchers who have fence posts treated in this way still standing in the fences for fifteen years.

## METHODS OF SEEDING WINTER RYE

Winter rye can be grown by following a number of different cultural methods and still produce satisfactory returns in the way of yield per acre. The method usually followed in growing winter rye is to seed it on summer fallowed land sometime between July 15th and August 15th. This method of producing rye is always satisfactory from the financial returns.

Experiments conducted at the Experimental Station, Lacombe, have shown that it is not necessary to seed winter rye on summer-fallowed land in order to produce a reasonably good crop; while date of seeding experiments have demonstrated that it is possible to seed winter rye as late as September 15th, with reasonable certainty that a normal crop will be produced. By combining information gleaned in practical experiments it has been possible to evolve methods of growing the crop which do not involve the use of the summer-fallow.

It was demonstrated that a number of early maturing crops can be handled in such a way that they are harvested early enough to leave the land free to permit the winter rye being seeded before September 15th. Such crops include, say, barley and early seeded oats for grain or green feed.

Winter rye makes a relatively poor showing when seeded on freshly plowed sod. In many cases moisture is decidedly lacking in sod and as a consequence, the winter rye makes a relatively poor showing.

Unusual as it may appear, winter rye does better on disced than on freshly plowed stubble land. Land that has produced a crop of wheat, oats or barley usually has its moisture content reduced to a very low level. Plowing dissipates any surface moisture it contains, while disced tends to conserve the moisture received during showers. Fall plowed stubble land frequently is so dry that the seed rye will not germinate, while the germination on disced stubble land is usually uniformly strong and vigorous.

It would seem reasonable that a crop of barley, or early oats, or early greenfeed, followed by a reasonably good crop of winter rye grown by the stubble method, would be more profitable than a heavier yielding crop of any one of these.

## CUTTING ALFALFA FOR SEED

The growing of alfalfa is receiving more attention in different parts of the prairie provinces and some growers are attempting to get from their own crop when possible seed for their own use.

The handling of the seed crop where no special equipment is available is not in itself difficult as quite good results may be obtained with the ordinary equipment found on prairie farms.

The difficulty lies in the fact that alfalfa produces seed in rather erratic fashion. A hot dry season provides the most satisfactory climatic conditions for seed production. At the Dominion Experimental Farm at Indian Head, in 1933, the early part of the summer particularly favored vigorous plant growth with the result that alfalfa set no seed worth while in the first crop. The second crop, however, grown under drier conditions set seed in abundance but of course this was too late to mature under average prairie conditions. Generally in most parts of the prairie provinces if the first crop does not set seed in a satisfactory manner no mature seed will be obtained that season.

Alfalfa is fit to cut for seed when about three-fourths of the pods have turned brown but often this condition is not obtained much before fall frosts occur. The ripe seed will not be injured by the frost and the immature seed is useless anyway. Cutting is probably best done with the grain binder, making the sheaves small and stacking as with grain.

## Health Service

OF THE  
Canadian Medical Association

GRANT FLEMING, M.D., ASSOCIATE SECRETARY

extending up the calf of the leg and sometimes causing pain in the back, is due to the flattening of the long arch. This flattening is the result of wearing ill-fitted shoes and of being out while walking. Pain in the ball of the foot and in the three small outer toes is due to a flattening of the front arch. This pain may be severe and may persist even with the foot at rest and the shoes off. In women, most arch trouble comes from wearing high heels, which throw the weight of the body on the ball of the foot instead of distributing it.

Feet can be made comfortable and kept in good condition by bathing them daily, by wearing stockings which are big enough but not too big, and by having shoes that are long enough and wide enough, with a straight inner line from heel to toe and a low heel. In such a shoe, the toes lie straight and separate, and the weight of the body is properly distributed between the outer side and the ball of the foot.

The feet should be parallel and point straight ahead in walking. The body rises on the ball of the foot, and the toes give the final push forward. You walk on your foot, but you must use your head if you wish to walk in comfort.

Pain in the foot under the long arch, to walk in comfort.

## THE BOOK

the first line of which reads, "The Holy Bible," and which contains Four Great Treasures

by BRUCE BARTON

"The Holy B."

## TWO RULERS TO FORE

Inevitably Jerusalem came under the conquering power of Rome, but the vigor of the Maccabees promised to perpetuate itself in a new line of kings. Herod, a military leader from across Jordan, allied himself with Rome and was made a kind of feudal king. He married a Maccabean princess, Mariamne, whose beauty and tragic fate gripped the imaginations of the people and made the name Mary as common in New Testament times as later. Herod murdered her, and she was only one among his many victims.

Rome passed from a nominal republic into an empire. Caesar Augustus was Emperor, and Herod (beneficiary of the brave Maccabees) reigned in Palestine when Jesus was born.

The policy of Rome was tolerant; local customs and even local prejudices were not greatly interfered with, and the Jews were permitted to carry on their worship and, to a large extent, the internal affairs of their government as they chose under their own rulers. But Rome was the power that ruled, and naturally the Jews were not happy. They had become a nation whose ideals were bound up in a book. If they no longer had their independence they still did have the Law, the Prophets and the Writings. They studied these and thought they found promises that Jerusalem was again to have political power. They looked back to the days of David and Solomon, idealizing the reigns of these great kings. They were sure that another king of David's lineage would sit on the throne in their sacred city and they even found in Micah a verse which some imagined to mean that their king would be born in Bethlehem.

But then, Bethlehem Ephrathah, though thou be little among the thousands of Judah, yet out of thee shall he come forth unto me that is to be ruler in Israel; whose goings forth have been from of old, from everlasting. It is necessary to have this little historic background in order to understand why there were two rulers simultaneously in the days of Jesus.

But then, Bethlehem Ephrathah, though thou be little among the thousands of Judah, yet out of thee shall he come forth unto me that is to be ruler in Israel; whose goings forth have been from of old, from everlasting. It is necessary to have this little historic background in order to understand why there were two rulers simultaneously in the days of Jesus.

#### OUR CULTURAL HERITAGE

The Editor,

Dear Sir:

Land, labor and capital were recognized as the source of all wealth by the political economists of the early Victorian era, but since the industrial revolution there is a fourth factor, namely Cultural Heritage. This factor is rapidly becoming by far the greatest of the four. Cultural Heritage is a legacy handed down through the ages. It is not the property of the capitalist or the laborer or any other class but the common heritage of each citizen of the community. Labor draws its wage and capital gets its share and it is surely fair that the greatest and ever expanding factor must get its share.

Cultural Heritage is defined by Mr. Thorstein Veblen as the "progress of the Industrial Arts." Another writer has defined it as discovery, invention, culture, learning, organization, education, religion, aspirations and ideals handed down through the ages. Major Douglas says this is the property of the citizens as a whole and should be distributed as such in the form of dividends to each individual of the community. Labor must still be paid and capital will be over and above their share of the legacy.

The Basic Dividend issued on or earned increment of association is not a "fantastic idea" or a "fool's dream" but a claim which would lift the depression a death wallop and lift from the citizens of Alberta a tremendous load of care and worry.

The present depression is man-made and it is up to man to throw it off. It will be over in two months after Social Credit got a start.

A READER

#### GREENSHIELDS

Charlie Hutchison left on Saturday for Camrose on his annual holiday.

Mrs. A. Morrison and Miss Lexie motored to Calgary last week.

Mrs. J. Sonick and her three daughters left on Thursday to visit her parents near Winnipeg.

Mrs. A. Plater returned home on Thursday from the coast.

Miss Doris Daniels has been visiting Miss E. Martin.

Jacqui Jackson spent a few days visiting at the home of Mr. and Mrs. L. Carl.

Mr. and Mrs. R. H. Ott are away for a holiday trip to Stettler and Calgary.

Mr. and Mrs. H. P. Jackson and Mrs. D. Jackson spent Sunday visiting Mr. and Mrs. A. Kett.

The community extend their sympathies to Mrs. V. Vail at this, her time of sorrow.

Mr. and Mrs. Martyna are visiting near Athabasca.

Misses E. Steel and K. Boar are away this week enjoying the balmy breezes at their camp at Clear Lake.

#### LOCAL NOTES

\* According to a slow check-up, some 100,000 acres were rendered a total loss in the hail storm last week.

Mrs. H. Schlitt and Miss Edythe Love left by car on Monday to spend a week in the city.

Through the vigilance of the Entomological Branch, Dominion Department of Agriculture, two serious pests were prevented from entering Canada this spring, namely, the gold tailed moth and the black vine weevil both from Holland.

Mr. and Mrs. Stirling Tory who were away to the coast for their annual holiday returned home last week.

Miss Margaret Fish, who was here on a visit to her parents, returned to her duties at the Royal Alexandra hospital in Edmonton on Friday.

Mr. M. Huget, of the Royal bank left for Didsbury on Saturday where he will spend his vacation with his parents.

Mr. Frank Morris left on Tuesday morning with his wife and daughter to enjoy his annual two weeks at the coast.

We are glad to know that although Mrs. A. Savers suffered a badly-burned arm caused by contact with a hot electric iron last week, the wound is healing nicely.

Mrs. and Miss E. Jackson, who have been holidaying at the coast gave us a call last week on their way back to their home in Montreal, where they own and conduct "The Fair Typewriters" printing business.

Miss Marguerite O'Keefe, of the school teaching staff of the city of Winnipeg, is now spending a holiday with her father Mr. J. O'Keefe, at Heath.

Inspector and Mrs. L. Good left with their young son for a motor trip last week end.

Mr. and Mrs. Perry Turner and children arrived here on Friday last from their home in Hamilton, Ont., to spend a holiday with Mrs. E. Turner and other relatives in town.

Since the early eighties of last century, Denmark has been to a very large extent dependent upon the United Kingdom for its economic livelihood.

Mr. G. Gregson, arrived back from his trip to the coast at the week end and reports Mrs. Gregson now recovering from her recent indisposition.

Miss Eileen Bourke arrived on Saturday's train from her home at Conquest, Sask., to fill a position at the new Cowley's Bakery in town.

A number of our local golf enthusiasts tried out the links at Clear Lake Sunday last.

Misses Evelyn Kemp and Yvonne Benson left on Sunday to spend their annual vacation with friends in Calgary.

While cutting wood on his farm at Gilt Edge Mr. J. G. Gawley had the misfortune to have the axe slip and cut his foot badly. He is a patient at the hospital.

Mr. W. J. O'Callaghan, who has been at Cornwall, Ont. for the past month returned home with his little family last week end, and has resumed his duties as manager of the Royal bank in town.

The hospital matron, Miss Page and Nurse Wheeler left by auto on Sunday to enjoy their annual vacation on a motor trip to New Mexico, U. S. Here's hoping they meet with no mishaps (or snakes).

Wet shavings on the floor of a refrigerator car was the simple and inexpensive method adopted by the U.S. specialists to keep pears and apples from freezing in transit from the northwest to eastern markets in moderately cold weather.

Mr. Bud Simmerman, motored down from the city last week end and spent a few days in town with his father, Mr. A. J. Simmerman.

#### "Everyman's" Science Notes

Successful use of fuel made from charcoal and vegetable refuse has been reported from Italy. Its cost is claimed to be one-twentieth of that of regular gasoline.

Victor Wolfgang von Hagen, German-American scientist will head a party of 18 men and two women on a three-year expedition into Hispano-America and the Galapagos Archipelago. They plan to capture wild animals for zoological breeding and exhibition by means of gas guns, as used by the police in capturing criminals, instead of traps and guns, which heretofore frequently have crippled or

## AMONG THE OLD-TIMERS

"REMINERS OF OTHER DAYS"

#### 20 YEARS AGO

C.M. Holroyd of Regina has purchased the barber business from "Dick" Campbell who will be leaving shortly for points west of Edmonton.

A direct line of railway connecting Saskatoon with Calgary is being planned by the C.P.R.

Dr. Janest of Cobalt, Ontario has opened up an office in the old Dingman building on Main street. He and his family will also reside in the building.

The Wainwright Hotel is being painted on the exterior by George Chilton.

The Board of Trade are working hard to throw another Grain Company to build another elevator in Wainwright.

A Chinaman of the Queen Street Laundry was held up by a well dressed gunman who ordered \$10 from him. When the Chinaman said that he didn't have the money the hold-up man said he would return at three a.m. and kill him. The Chinaman immediately reported this to Night-policeman Crampton who scoured the west prairie for the man but with no result. The gunman did not carry out his threat nor was he seen again.

The International Supply Co. has secured a contract to drill for natural gas in Wainwright district.

Alex. Bryce of the Palace Pool Room has left his position as head of the business and returned to the railway where he will take up his old job as engineer. His eyesight has been bothering him for some time.

#### Crops Growing Rapidly And In Good Condition

Below will be found a brief synopsis of crop reports received at the Head Office of the Bank of Montreal from its branches.

#### GENERAL

Crop conditions are generally good throughout Alberta and in northern Saskatchewan and northern Manitoba but in southern Saskatchewan and in certain sections of central and southern Manitoba the outlook is not fair to poor. Hail damage is reported from scattered sections but is not considered serious except in some local areas in Alberta and Saskatchewan. Reviewing conditions in the prairie provinces as a whole a leading grain company estimates the state of the grain crop as 77 per cent. of normal. In Quebec province crops as a whole present a good appearance and weather conditions are satisfactory. In Ontario rains and warm weather have promoted rapid growth and spring grains are looking remarkably well. Hay is nearing completion the yield being much below normal though of good quality. In the Maritime provinces growth is average for this period and rain is needed. In British Columbia fine weather with intermittent rains has been favorable to growing crops in most districts and conditions generally are satisfactory. Details follow:

#### ALBERTA

Northeastern area: Wheat is heading rapidly at average height, coarse grains and pastures are making good growth. Southeastern area: Summerfallow crops are fair to good. Western area: Crops in the northern district particularly are growing rapidly and range pastures are good.

#### SASKATCHEWAN

Northern area: Wheat generally has a fairly good stand although backward. Coarse grains are making satisfactory progress. Southern area: Wheat on summerfallow is spotty and short and stubble crops are poor. Pastures are improved but are still short and rain is required.

Crested wheat grass is being tested in Eastern Canada as a turf grass but preliminary experiments have not been promising. It seems to be particularly adapted to the drier sections of the western plains area, just as blue grass is highly adapted to Ontario and Quebec, and bent grass to the Maritime Provinces.

During the ten months ended May 1934, the amount of wheat exported from Canada was 138,828,849 bushels.

#### 10 YEARS AGO

One of the park riders, E. (Bud) Cotton, narrowly escaped death last week when he was thrown from his horse which was hit in the chest by a charging steer. The horse took a somersault and landed on his rider. Fortunately Bud was not seriously hurt.

A gang of men under Mr. G. Blackstone are erecting the new bridge north of town over the Battle river, and expect it to be ready for traffic shortly.

We are sorry to hear that Mr. Bonner Babb is suffering from a smashed foot which injury he received while working at the oil well.

The new manager of the Bank of Montreal in Edmonton will be Mr. C. Compton of Rimby.

A large party of Pennsylvanians visited the Wain. Oil fields to see if the stories that reach them of Wainwright's wonderful resources are as great as they were "cracked" up to be. Their doubts were quickly cleared when they witnessed the ever-ready flow of oil at several of the wells.

A strong flow of natural gas blew the sludge entirely out of the holes and covered the derrick and machine.

The weather was certainly all that quickly remedied and will not likely happen again because it will be prepared for. Mr. Beresford and Mr. R. Williams (managing director) have decided to erect a new derrick on the same section as the present derrick now stands, and continue with the company's drilling programme.

#### HEATH

The district was greatly shocked at the death of Victor Vail, grain buyer for the Pool Elevator. The sympathy of everyone is extended to Mrs. Vail and Viola and Thelma in their sad bereavement. Mr. Vail had been a resident of Heath for the past three years and was one of the most popular men of the community. He leaves a host of friends to regret his loss, a large number of whom attended the funeral services at the cemetery on Sunday afternoon.

Mr. and Mrs. L. Heureaux are planning to spend their summer vacation at Edmonton and Banff.

St. Patrick's W. A. will meet on Thursday afternoon, July 19th at Clear Lake.

A large crowd of the Mission church congregation attended a baptismal service held on Sunday afternoon on the shores of Arm Lake.

Agricultural research has demonstrated that young herbage, besides being a rich storehouse of proteins, sugars, starches, and essential minerals, contains carotene which in the body of an animal produces vitamin A. This vitamin promotes growth in farm stock as well as in human beings, and enables them to resist disease.

A bizarre is the head man of Russia.

## NEWS & VIEWS OF TOWN AND DISTRICT

**BORN**—To Mr. and Mrs. L. Kiloran, at the Wainwright municipal hospital on July 13th, a boy.

**BORN**—To Mr. and Mrs. Glen Hara, at the Wainwright municipal hospital on July 17th, a girl.

The cushions which were won at the Catholic picnic at Fabian last week are now possessed by Mrs. Keilor and Mrs. A. Touchette.

Miss L. Morrison and Miss M. Spence were away to Calgary for the big stampede last week.

Mr. and Mrs. Geo. Maddar are away to Brandon, Man., on a holiday visit to Mr. Maddar's father there.

Mr. and Mrs. B. Buckle were visitors to the city this week. They were accompanied on their drive by Miss A. Wiley.

Mr. and Mrs. Frank Hackett journeyed over to Innisfree last week for a trip and to visit friends.

On Monday morning's train, Rev. W. S. Brooker left to enjoy his annual vacation with friends in Vancouver.

Having spent a pleasant week on a motor trip to Calgary exhibition, Mr. and Mrs. J. Robinson returned home on Friday.

Mrs. F. E. McLeod, who recently underwent an operation for tonsillitis is now out of hospital and is convalescing with Mrs. H. C. Wallace at Clear lake.

The Battle River Federal U.F.A. & U.F.W.A. constituency association will hold their annual convention at Buffalo Park on July 23rd and 24th. Arrangements have been made for sports and camping sites for this event.

Mr. Phil Stuart spent a few days in the city this week on a combined business and pleasure trip.

Mr. Jules Baudela is improving his holdings north of the river by building an addition to his home.

Now is the time to paint up your buildings and improve the appearance of your property. The Atlas Lumber Co. carry a very large stock of paint, and the prices are the lowest.

Last week end saw the removal of the Albert Hughes' home from the Mayfield district into town. It is being placed on the Trefry property on Third avenue east.

Mr. and Mrs. Bryan, of the Safety Store, are visitors this week to Edmonton exhibition.

Corp. Collett, A.P.P., left on Monday with his family for Pigeon lake. The family will enjoy a month's holiday there, but the corporal will get a much shorter visit.

We regret to learn that Mrs. W. Lyle is a patient in the hospital owing to a very bad cold.

Mrs. A. Adams and her young daughters are away to Camrose spending a short holiday with friends there. They left on Sunday.

Mrs. G. Tyndall and her young baby are spending a holiday with Mr. and Mrs. Pollard at their home in the Paschenale district.

The Town Council have had a gang of men busy on preparing the land for the installation of sidewalks on both Fourth and Fifth avenues. We understand that this is to be asphalt walk.

Mr. H. Richardson and family were in town at the week end visiting relatives.

Mrs. G. Armstrong left last week for the coast where she was called by the sickness of her mother.

Attention is drawn to an announcement that both services in St. Andrew's Presbyterian church next Sunday at 11 a.m. and 7.30 p.m. will be conducted by the Rev. Mr. Magnusson to the regular pastor being away on holidays.

Mr. E. (Bud) Cotton was down to the Drumheller district last week on a visit to friends there.

Miss M. Frouser and Miss L. Twedy, both of the hospital nursing staff returned at the week end from their annual vacation.

Misses Bessie and Grace Welch left on Monday by auto to spend a holiday at Sylvan lake.

The W. A. of St. Margaret's church at Battle Heights are holding their monthly meeting on the 25th inst. at the vicarage in Wainwright.

Measrs Gardner, Lewis and Alec Adams motored over to Camrose and back on Sunday last. They report the roads still "pretty rough!" They were lucky to miss the rain storm which fell to the west in the evening.

Miss A. Irving, of Edmonton, is to be the new teacher at Plaxton school at the opening of the new term in September.

After visiting at his old home in Ontario, and spending some time in Ottawa and other eastern cities, Mayor M. L. Foster and Mrs. Foster arrived back home on Sunday morning's train.

Mrs. F. C. Van Iderstine, who has been here in a visit to her mother Mrs. N. Bottaro and friends in the district, left last week to join her husband in their new home near Kamloops, B.C. where Frank has a position with the Jenny Long Gold Mine Co.

We understand that several cases of chicken-pox are reported in the Plaxton district.

During the absence of Miss Evelyn Kemp from her duties at the post office her sister Mrs. H. Lepper is deputising for her.

Rev. Father McGrane motored over to Clondan on Thursday last on parochial business.

Quite a number have attended the baby clinic which is being held in the theatre this week under the auspices of the local W.I.

Mr. N. Doucette, of Edmonton, was in town last week for a few days on a visit to Mr. and Mrs. H. Messier.

Mr. A. Dugre and his daughter, Alice motored to the city last week. The young lady is filling a position at St. Joseph's college there.

### \$ Card of Thanks \$

Mrs. Vail and Family wish to extend their heartfelt thanks for the many expressions of love and sympathy in their recent bereavement, and also for the beautiful floral tributes of esteem and respect.

Several Wainwright people motored over to Lea Park last week to attend the big stampede held there.

Mr. H. C. Boyd and Mayor Ripley both of Edgerton, spent the day in town on Monday last.

Mr. Chas. Hutchings, agent at the pool elevator at Greenhills left this week for a two weeks' holiday which he will spend with his father and mother visiting Grand and other points.

Work is being rushed this week on the new big hall at the Gilt Edge park so as to have this building all in readiness for the annual picnic and sports being held in the park on July 25th when a good time is promised to all.

The services at Wainwright United church on Sunday evening next will be conducted by the Rev. J. R. Geeson, M.A., B.D., of Irma, in the absence of the pastor at Pigeon lake.

At the church service at Mascot school on Sunday last the twin boys of Mr. and Mrs. A. Dalgreen were baptised by Rev. T. Edgar Armstrong, pastor of Wainwright United church. The youngsters will now be known as James Belmore and Nils Victor.

We are glad to learn that Mrs. W. H. Heffernan who has been on the sick list is now feeling better.

Mr. L. Eastley of Sedgwick was in town last week from the Community Press there and gave us a call.

The local boys of the Dragoons having completed training at Sarcee camp returned home last week end.

We learn that Dr. J. Middlemass is planning to make a trip to the coast accompanied by his son and daughter.

After spending a short holiday at the coast, the Rev. T. E. Armstrong returned home with his family on Thursday last. They left again on Monday to finish their annual vacation on the shores of Pigeon lake.

The new Webster dictionary which was published last week at Springfield, Mass., cost \$1,300,000 to produce and has been over nine years in the compiling. Merriam's Ltd. are the publishers, and claim this to be the very latest word in works of this class. The first copy was presented to the state library at a big banquet held by learned men and educationalists from all over the world.

Mrs. V. Botsford, of Edmonton, was in town last week for a couple of days.

Cappy Kidd is a busy man these days working in the interests of the McMillan appeal case. He is touching off everyone he meets with the object of this district sending in as large a donation as possible. Don't jump around the corner if you see Cappy with the list! He will accept every donation offered for this cause.

Master Keith Agnew is away to Totfield these days to spend a holiday with friends there.

Mrs. J. Pawling left last week for Hythe where she will spend a holiday with her son Fred and his family.

Honor has come to Mr. John M. Inrie, of the Edmonton Journal, King George having bestowed upon him a Commandership of the Order of St. John of Jerusalem last week.

Mrs. J. Welch entertained on Friday last in honor of Miss H. Keith Bridge was the feature of the evening and Mrs. H. L. Coursier was high scorer.

Suffering from an attack of the flu, Mr. Kirk Snyder has been a patient at the hospital during the past week.

The examiners at the university, who have been marking papers from the recent term exams in high school work, have now completed their duties and lists should soon be available.

The girls of the town softball club played a snappy game on Tuesday with the team from Trafalgar district.
